AMENDMENT TO CORRECT
INVENTORSHIP PURSUANT TO 37 CFR 1.48 (a)

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

Please amend the above-identified application by adding Mr. Andrew Collins as an
inventor of the subject matter disclosed and claimed in said application.

REMARKS

(This amendment is requested pursuant to the provisions of 37 CFR 1.48(a) because the omission of Mr. Collins as a named inventor was made through error and without any deceptive intention by less than all of the actual joint inventors.

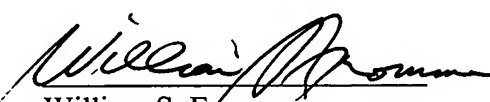

As stated in the accompanying Verified Statement of Facts, the invention disclosed and claimed in this application 10/006,481 was invented jointly by Jonathan James Stone, Jason Charles Pelly, Paul Gugenheim, Isabel Delacour and Richard Foster. At least one of the claims of this application covers subject matter that is disclosed in U.S. Application 10/158,346, filed May 30, 2002.

Mr. Collins is the inventor of subject matter described in U.S. application 10/158,346 and covered by at least one of the claims of the instant application 10/006,481 .

Mr. Richard W. Pratt, the U.K. representative of assignee Sony United Kingdom Limited, prepared the above-mentioned U.S. applications and the U.K. applications to which claims of priority have been made. Subsequent to the filing of the signed Declaration in the present U.S. application, but prior to the May 30, 2002 filing of U.S. Application 10/158,346 Mr. Pratt reviewed the files of these U.K. and U.S. applications and discovered the inadvertent omission in the present U.S. application to identify Mr. Collins as a joint applicant thereof. Steps were taken promptly upon such discovery to correct the inventorship of the instant application.

In view of the foregoing and the accompanying Verified Statement of Facts, it is believed that this amendment has been prepared diligently. Therefore, it is respectfully requested that this application be amended to include Andrew Collins as a joint inventor in order to correct the inadvertent error that had been made without any deceptive intention.

Respectfully submitted,
FROMMER LAWRENCE & HAUG LLP

VERIFIED STATEMENT OF FACTS

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

1. The signed Declaration filed in this U.S. application on February 27, 2002 identifies Jonathan James Stone, Jason Charles Pelly, Paul Gugenheim, Isabel Delacour and Richard Foster as the applicants.

2. Another U.S. application was filed in the U.S. Patent and Trademark Office on May 30, 2002 with a claim of priority to British application 0121195.2, and was accorded Serial No. 10/158,346.

3. I Richard W. Pratt, am the U.K. representative of Sony United Kingdom Limited, the assignee of both U.S. application 10/006,481 and U.S. application 10/158,346. I prepared the claims that were filed in both of the above-identified applications.

4. William S. Frommer is the attorney of record of both of the said U.S. applications.

5. On or about May 17, 2002, I forwarded to Mr. Frommer, for filing in the USPTO, application papers that were filed as U.S. application 10/158,346, identifying Jonathan James Stone, Jason Charles Pelly, Stephen Mark Keating, Andrew Collins and Daniel Tapson as the inventors. U.S. application 10/158,346 disclosed and claimed the subject matter of British Application 0121195.2 and also disclosed and claimed subject matter invented by Andrew Collins.

6. At about that time, I observed that at least some of the claims that were filed in U.S. Application 10/006,481 covered subject matter disclosed in U.S. application 10/158,346 and invented by Andrew Collins.

7. Inadvertently, and without deliberate intent, Mr. Collins was not named as an inventor on U.S. Application 10/006,481 because, at the time I prepared the specification and claims that were filed as U.S. Application 10/006,481, I did not realize that such claims also covered, at least in part, the contribution made by Mr. Collins.

8. I discovered the omission of naming Mr. Collins as a joint applicant of U.S. application 10/006,481 when I reviewed and forwarded to Mr. Frommer the U.S. application

papers that were filed as U.S. application 10/158,346 , on which Mr. Collins properly is named as a co-inventor.

9. Upon discovering this inadvertent error, namely that Mr. Collins was omitted as an inventor of the present U.S. application, I requested Mr. Frommer to proceed promptly with the preparation of suitable documents to correct of this error.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
